Product Code:

9990

MOTOR DOCTOR

Anti-friction Engine Oil Additive

Modern multifunctional additive in engine oil - a viscosity stabilizer designed to restore oil pressure and reduce its consumption in engines with high mileage.

Product Characteristics:

Test	Method	Unit	Result
Density at 15 °C	D 1298	kg/l	0.82
Viscosity at 100 °C	D 445	cSt	243.90
Pour point	D 97	°C	-12
Ignition temperature		°C	350
Mechanical impurities	D 2273	%	-

Volume: 300 ml
